A photograph of two women standing in a field of tall grass. The woman on the left is wearing a white top and a teal pleated skirt, with her arms around the woman on the right. The woman on the right is wearing a teal jumpsuit. In the background, there are several wooden beehives on stands, some painted green and orange, and trees under a bright sky.

apimi

The main active ingredients in Apimi products are unique substances created by bees – honey, beeswax, propolis. Bees products are collected in ecologically clean environment and there is no harm done to the bees in the collecting process.

At this moment we offer skin care products for men and woman – **face cream, after shave cream for men, hand creams, body lotion, lip balms and lip gloss, multifunctional propolis balm and heat applications.**

We offer various products and are constantly working to diversify our offer.
