

AGRI-BIOCIRCULAR-HUB Open Call for Funding

Finalized Applications — Overview for Communications

94 applications were finalized following the close of the Open Call for Funding on 31 July 2026, drawn from Poland, Latvia and Ukraine and spanning all seven bio-circular agriculture challenge areas.

Applications by country

Country	Applications
Ukraine	38
Latvia	30
Poland	26
Total	94

Applications by challenge area

Challenge area	Applications
C7 – Agricultural practices integrating bio-circular principles	24
C3 – Low-emission manure and residue valorisation	20
C6 – Data-driven IPM and input reduction	15
C1 – Circular nutrients and fertiliser independence	12
C4 – Water-smart farming and runoff reduction	9
C5 – Bio-based farm inputs and end-of-life solutions	9
C2 – Soil health and peat-free growing media	5
Total	94

Country × Challenge breakdown

Country	C7	C5	C1	C6	C3	C2	C4	Total
Latvia	8	4	5	5	6	0	2	30
Poland	6	2	3	4	4	3	4	26
Ukraine	10	3	4	6	10	2	3	38
Total	24	9	12	15	20	5	9	94

Notes for communications use

- All three participating countries are represented with meaningful volume - a strong result for a Widening call.
- Every one of the seven challenge areas attracted at least one application; no thematic gap in proposed solutions.
- 94 applications are competing for €50,000 lump-sum 12 FSTP awards - showing demand and competition.
- Figures reflect the finalized pool as of 07 August 2026, including two applications resolved after the original deadline through documented, individually authorized exceptions.
